### **Art of Electronics 3rd edition (9780521809269) - Textbooks.com**

All in all, it appears the third edition is a brand new book, with the 'basic chapters' still the same, but most 'application chapters' profoundly revised in content and depth. So, if you - Internet zapper - stumbled upon this page by chance, my advice to you is "go for the third edition". I did. And I have the second edition sitting on my shelf.
