### How to find and view manuals for Lenovo products ...

Software, computers, games, and devices require user manuals, guides that explain how to use the product (and how not to). A user manual is a formal writing piece with a specific structure, and should be written by someone who is intimately familiar with the product such as a technical writer or the product designer.

### How to Create a User Manual (with Pictures) - wikiHow

Once you’ve decided on the type of computer you want, you’ll need to start thinking about how much money you want to spend. This is probably one of the more confusing things about buying a computer, and that’s because you’ll find options across a wide range of prices—from as low as \$250 to well over \$1,000.
