Elevator Control System is the system responsible for coordinating all aspects of elevator service such as travel, speed, and accelerating, decelerating, door opening speed and delay, leveling and hall lantern signals. It accepts inputs (e.g. button signals) and produces outputs (elevator cars moving, doors opening, etc.).

Elevator Control System ~ Electrical Knowhow

create what may be the most important part of your story: your elevator pitch. An elevator pitch is a short, succinct summary of your story. If someone remembers nothing else from your story but this elevator pitch, he or she would still have a clear understanding of your business and why it deserves support.
