### Freud, Frankenstein, and the Art of Loss

Freud & Frankenstein. September 11, 2013 by committedchameleon. In a Freudian analysis of Mary Shelley's Frankenstein, the most significant view taken is that the Creature and creator are two aspects of the same person. This comes from Freud's idea of the 'psychologically divided self'. He held that there are three parts of the human mind.

Lucian Freud's umbrous navel-gazing is a distraction, an opportunity for us armchair Freudians to trot out some pop psychology terms and link up the artist's bad boy persona with the sequence of his self-portraits. It's comforting, a blast from the past, Happy Days for aesthetes and aficionados with Freud as Frankenstein's Fonz. A summation of the inner murmur at the exhibition might go something like this: "Remember when we thought that the psychology of the individual was the ...

Frankenstein. Frankenstein narrates his story, which Walton writes in letters home. There are certain style points in the story that indicate it was written at a time when the art of the novel was still beginning to take shape. Unlike modern stories, Frankenstein has very little dialogue.

### Frankenstein - Multiple Critical Perspective

The Nightmare is a 1781 oil painting by Anglo-Swiss artist Henry Fuseli. It shows a woman in deep sleep with her arms thrown below her, and with a demonic and apelike incubus crouched on her chest. The painting's dreamlike and haunting erotic evocation of infatuation and obsession was a huge popular success.
