Nature's Children; A Guide to Organic Foods and Herbal ...

Children are innate scientists and love to experience the sights, scents, sounds, and textures of the outdoors. Nature provides countless opportunities for discovery, creativity, problem-solving, and STEM education. Interacting with natural environments allows children to learn by doing and experiment with ideas.

Benefits of Nature for Kids | Bright Horizons®

Nature's Children is a excellent book to read. I read the original book, but no longer had that copy. When I saw the reprint I wanted to read it again. It is about raising healthy children naturally. It is also the story about how the author raised her children and using some natural remedies that she learned from the gypsies.

In 20 concise pages you can learn about what makes great nature play, why it is important, and how you can restore it to your children's daily lives. Written by Ken Finch at Green Hearts INC. A Parents' Guide to Nature Play

| Natural Start

It's often very easy to engage children in conversations about nature by focusing on long-term cycles. Draw their attention to signs of season, weather, broad ecological patterns, & cycles of the sun, moon/stars. As they get older you can prompt more with questions, challenges, & missions that encourage inquiry & deeper reflection.

The Easy Guide To Nature Observation

Nature-Watch provides educational nature products and craft activity kits designed to teach children about nature. Since 1987 Nature-Watch has provided environmental science curriculum and nature craft projects to thousands of schools, camps, museums, nature centers, park and recreation programs, zoos, libraries, after-school programs, scouts ...

For a broader view, please read *The Nature Principle* and *Last Child in the Woods*.

The Nature Principle - Field Guide - Richard Louv

Outdoor, “child-centered” play is the goal: play that children themselves initiate, guide, change, or abandon. The very best nature play comes from the child, not from the adult! Ideally, there are no formal objectives and few rules for nature play.

| Natural Start

Notice how it smells. Allow yourself to play with the earth, grasses, and stones, as a child might play in a mud puddle or a sand box. Rub the earth on your skin. Observe how it feels to engage or participate through the sense of touch and how that changes your relationship to this place.
