I get a LOT of calls from people in reference to wasps being inside of their house. The calls pretty much come in year round. One of the most common ways that wasps get into homes is actually through doors and windows. Leaving doors and windows open is nothing short of an invitation for wasps, bees, and any other insects that want to enter your ...

Why does the inside of my house look all foggy/misty? ... Nope, there was no smell...and no bonfire's around the area that I know of. We ran the heat for the first time yesterday but we have electric heat so I'm not sure if that would produce a fog substance in the house or not..? But we opened some windows up and it eventually cleared out.

### Why does the inside of my house look all foggy/misty ...

If you've got a cricket in your home, there are several different ways that you can kill it. Alternatively, you can also try to catch the cricket in a trap. Once you've taken care of the cricket, you can work on making your home less hospitable to crickets so you don't have to deal with the problem in the future.

### 3 Ways to Kill a Cricket that's Loose in Your House - wikiHow

There's a bat in my house! No need to panic—you can remove him safely and humanely. ... or in house plants. Carefully place a plastic tub or similar container over them. Gently work a piece of cardboard or stiff paper under the container, trapping the bat inside. Now you are ready to release the bat outdoors.
